

## **MEET RON CARLSON**

### **NEW SERVICE MANAGER OF MARATHON COACH TEXAS**

Marathon Coach is happy to introduce Ron Carlson as its new Service Manager at Marathon Coach in Texas. Ron has been involved in RV service and management for approximately 25 years. His most recent position was with Foretravel in Denton, Texas.

Both Ron and his wife Edith were born and raised in Big Spring, Texas. They have re-located to Grand Prairie to be close to their two children and four granddaughters, as well as to his new Marathon family.

The Carlsons collect carnival glass from the 1904-1929 era, with Ron acting as designated driver on their collecting jaunts. Although he recently sold his drag Camaro, for 40 years Ron participated in sanctioned drag racing. He has now pulled out his golf clubs and is ready to hit the links.

Ron commented: "In 1992, I was invited to Marathon for prod-

uct training and service-related items for representation in the Dallas/Fort Worth area. While I was there, I was quite taken with the product and the Marathon family of employees. I am even more so now, and I am excited about my position with the company. I look forward to meeting all of our owners and servicing their coaches."

Ron is a refreshing addition to the company. If you have the opportunity, please stop by the Texas facility and welcome him to our family. •
