Marathon Introduces Triple Slide-Out XLII

by Sharleen Nelson

Marathon Coach, Inc., the world's largest bus converter, is pleased to announce that it has completed coach #1160, its first triple slide-out luxury conversion of a Prevost XLII.

The new triple slide-out XLII offers premium luxury and increased space. The addition of a second front slide-out adds approximately 35% more salon space—perfect for entertaining or everyday living.

The development of triple- and quad-slide XLIIs was an ambitious multi-year cooperative project between Marathon and Valid Manufacturing, the company's Canadian-based

slide-out provider. In addition to the completion of coach #1160, Marathon has numerous triple and quad slide-out XLIIs currently in production.

"The Prevost Le Mirage has a long history in the industry, and there are a great many customers that favor the classic, stainless steel look of the XLII," said Marathon President Steve Schoellhorn. "Marathon is excited to now offer the option of a third or fourth slide. It's amazing how much extra living space the additional slide-outs provide."

Contact Marathon for more information about the new triple- and quad-slide XLIIIs. •
