

A Note from Charlie

Charlie Myers

Greetings to you from Stallion Lake Ranch in beautiful northeast Texas, the current office location for the Vice Chairman of the Board of Marathon Coach, Inc. Toni and I are happy to be back in our home state to enjoy some extra time with our two daughters and their families. Life is good and we are very thankful. I received my first Social Security check in April, just in time.

We experienced a busy first quarter, spending time in Palm Springs and Florida. There is nothing I know of that approaches the "bussin' lifestyle" that we enjoy. It was great fun to be able to visit with so many of you at the various resorts this past winter. How is it that so many of you stay in such great physical condition? I know: It's the low-calorie food and drink that is served at all the parties and restaurants these days.

Transition is a strange phenomenon, something that can be difficult in the planning, and full of apprehension as you approach the timing for the change. In my case, none of this came into play. I am so pleased to be a part of Marathon's future in my new responsibility as a support to Bob and Steve's leadership. Our desire is that you will experience no

change in the level of quality of the company's products and services. I am confident this will be the case.

A worn-out but true statement is that people are the backbone of any organization. In a recent visit I made to Coburg, Oregon for a Marathon Coach board meeting, I was again reminded of the quality and dedication of our employee group. They are truly unequalled in our industry. I wish I could share some of the exciting plans for the future of Marathon, but you will just have to see that unfold. Believe me, you will be pleased.

My thanks to all of you who so generously give your input and time toward the planning of Marathon Coach Club rallies. We have some great opportunities in the future to get together. Please see the Rally Schedule in

this issue for more details about the club's upcoming events. Toni and I look forward to these gatherings and reconnecting with you. Until then, I hope you enjoy safe traveling and God's good provisions.

Charlie Myers
