HANDY INFORMATION FOR YOUR STAY AT THE MARATHON COACH SERVICE DEPARTMENT

Ambiance

Add Warmth and Comfort with an Electric Fireplace

Whether you're considering a new custom built coach or a remodel project, keep a warm and comforting fireplace in mind.

The newest electric fireplaces provide ambiance and warmth with a realistic wood stove appearance. The finest craftsmanship and designer materials are used to create a custom fireplace enclosure that complements your coach's interior.

The fireplace shown was completed by Marathon's Service Department on a late model H3-45. The fireplace pro-

duces 4500 BTUs an hour of heat with a digital thermostat and an automatic shut-off feature. An LED display shows the functions and numeric read out. Realistic flame effects and glowing logs, which have been hand carved, have five brightness settings and can be used with or without heat.

The charm and beauty of this option blurs the line between functionality and art.

For more information, please contact any of the Marathon Coach service centers.
