Sleeper Sofas

Don't Let your Overnight Guests Feel Like an Afterthought Expand the Sleeping Accommodations in Your Coach

When you're looking to entertain and host overnight guests comfortably, you have a wide variety of options here at Marathon. Sleeper sofas come in several designs—pull-out with inflatable air mattress, fold-down using the sofa cushions, electric versions that open with the push of a button and fully custom versions made to your specifications.

Types of Sleeper Sofas

Pull-Out sleeper sofa with electric pump air mattress

The seat cushions are removed, and the bed is manually pulled from the base of the sofa. A quiet air pump inflates and deflates the air mattress.

Manual Fold-Down sleeper sofa

The base of the sofa is manually lifted up and out, lowering the sofa back to form a bed with the sofa cushions used as the mattress.

Electric Fold-Down sleeper sofa

The touch of one button causes the base of the sofa to lift up and out, lowering the sofa back to form a bed with the sofa cushions creating the mattress base.

Fully custom electric sleeper sofas

While it can be said that each sofa we build is custom designed and fit per coach and customer, there are still requests that provide us the opportunity to be creative. Shown here is a table that sinks down while two extra long sofas lift and fold out to form a California King sized bed. All movements of the table and sofas happen in sequence with the touch of one button.
